

A KING'S JOURNEY

Once a fool Now a King

0, The Fool -

Upright Interpretation - Take a moment to enjoy the simple pleasures that life affords you. These little blessings can be moments of euphoria Take that leap of faith! You are taking the first step in a whole new direction.

Reversed Interpretation - Don't make a foolish decision. Take a step back to reconsider this moment, just for a spell. After a good night's rest, you may change your position. It's bad timing to start a new direction right now. Very irresponsible. Ignorance is bliss.

1, The Magician -

Upright Interpretation - You have the tools and the knowledge. You just have to find which combination works best for you. Just ask yourself this; what actions are you prepared to take? You have the power for your wishes to come true. Manifest!

Reversed Interpretation - You may have mental blockage that is clouding your creative flow. You may be following in someone else's foot steps or even doing your own tried and true ways, but this time, it's not working as you expected. Be aware of your needs. Where do you focus your energy?

2, The High Priestess -

Upright Interpretation - Deep down, you know the answers to your questions. Having lifted the veil, you can now see the whole picture. Live your life always aware of your spiritual presence. You will receive advice from a trusted spiritual advisor. Expect enlightenment to come from your dreams.

Reversed Interpretation - Now that everything is out in the open and all is revealed, allow yourself to take a step back, and absorb all the facts before you make any moves. Now is a good time to connect with nature and express your creative side, but it's not such a good time for magickal workings. Listen closely for spiritual messages. Quiet your mind.

3, The Empress -

Upright Interpretation - Recognize beauty in all things. Time to create and blossom! Someone may be putting you on a pedestal. Realize how fulfilling life can be when you get back to the basics.

4, The Emperor -

Upright Interpretation - Time to play by the rules. You may need to set up boundaries or rules, so there is structure around this issue. In order to achieve what you want, you have to channel your energy properly. Discipline is the key. Know your limits.

Reversed Interpretation - Are you pushing the boundaries? Some might think you are out of control, but may be you are just thinking out of the box. Nothing wrong with that, as long as you aren't breaking too many rules along the way, or you'll have to explain yourself.

5, The Hierophant (Friar) -

Upright Interpretation - You may need some spiritual counsel at this time. It could be that this tests your values, but you will be learning a valuable lesson that may just change your core beliefs.

Reversed Interpretation - Why is this issue uncomfortable for you? Whatever the reason is, your personal beliefs are in direct conflict with what you are now facing. Socially unacceptable behavior.

6, The Lovers -

Upright Interpretation - You may be at a crossroad and you have to make a choice, you cannot have both. Which will you sacrifice? Even in destiny, we have choices. You are forming good partnerships! In a relationship, there may be an inner shadow in the way.

Reversed Interpretation - In your relationships, you are attracting your shadow self. See if you notice a repeated pattern in your life with the same types of issues. You'll need to address the part of your person that is acting as a magnet to this. (this doesn't have to be a love relationship, it could be a co-worker, friend, child, parent, etc). The energy in this relationship doesn't have the right energy to be a long term union.

7, The Chariot -

Upright Interpretation - Time to take control over the direction of your life! You have choices, even if you choose passivity, it is a choice to move along the path of the least resistance. Be assertive and use your mind to control that which you 'will'. You may be looking to relocate or to travel by land.

Reversed Interpretation - Expect delays in travels and stalling in decisions. Unexpected obstacles may cross your path, forcing you to make a decision that makes you uncomfortable. Whichever, the issue may not be important enough to endure the fight. Just remember; this is all a survival mechanism and best handled with compassion.

9, The Hermit -

Upright Interpretation - Do you need to spend some time alone so you can look deeper into a situation? Now is the perfect time. If you are feeling isolated and disconnected from society, a therapist may be in order. When he shows up he is saying the break is necessary to figure things out.

Reversed Interpretation - You can close the lid on a burning issue, but for some reason, you choose to lie helpless stoking the fire. Why do you do this? Is it because you may be afraid of the answers, or the path, that leads the way out? Maybe you are afraid of being left alone or kept in the dark on a certain subject? Get ready to get out and enjoy life again!

Reversed Interpretation - Your current path is not going as planned. Attitudes and annoyances are holding you back. Do a little check to see what needs to be addressed. The Wheel will move again. It's just bad timing. As long as you stay optimistic, the wheel won't slide too far down, and will move 'up' much quicker.

11, Justice -

Upright Interpretation - Looks like a favorable outcome. Just realize that you will have to answer for your past actions and you WILL be held accountable. Be very aware of how your actions ripple through your environment.

Reversed Interpretation - There is a lot of red tape that you'll have to cut through this issue safely. You may have to 'save face', but really this is a refusal to accept responsibility. A favorable outcome isn't available. You may even have some emotional turbulence as a result of your actions.

12, The Hanged Man -

Upright Interpretation - Right now, you are so comfortable that you don't want to make a decision about what direction you want to go next! All you know is that you don't want to go backwards and relive what you've been through. So, for now, you are hanging out until you can figure out how you can move forward.

Reversed Interpretation - You are hanging on by a limb! But, if you would just plant your feet and take solid steps, you would feel more rooted and able to move forward. Consider if you are holding on to something out of comfort. You may not want to make a decision between a physical and an emotional need, so you are hiding away out of avoidance.

13, Death

Upright Interpretation - Transitioning towards permanent change. The more you fight it, the more physical it will feel. But as soon as you release and succumb to it, there is a surge of energy. Then you'll feel completely alive again! A welcomed relief and a new lease on life. Congrats, you are maturing!

Reversed Interpretation - It's not ending right now, but it's not changing either. If you are fighting the change, try focusing on the light at the end of the tunnel. But, there may be a possibility that someone or some situation from your past is resurrected.

15, The Devil

Upright Interpretation - You may have an unhealthy attachment to someone or some 'thing' that borders on being co-dependent. Ruled by ego, this is not love in this energy. Reversed Interpretation - Shaking things up will surely cause problems to rain down all around you. Ask yourself, is it really worth it for you to know all the answers? Tread lightly, as you don't have all the answers, only wild ideas. Plans are forming all around you. Leave bad habits behind.

Eight of Swords

Upright Interpretation - Right now, you may feel insecure or like you are restricted. The longer you sit with any fears, the more it will weigh down your heart and soul.
